

Application No. 10/387,001
Office Action dated July 22, 2004
Response dated August 20, 2004

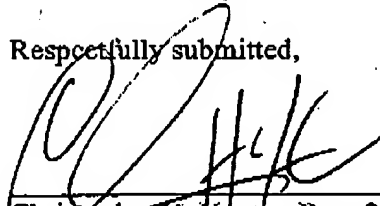

REMARKS

This is in response to the restriction and election requirement of March 21, 2005. In the requirement, restriction to one of two Groups was required. Applicant elects the invention of Group 1, claims 1-28, without traverse.

Applicant also elects the species of Figures 1-7. Applicant believes claims 1-5, and 7-28 read on this species, as these claims all recite, *inter alia*, keys supported by a base and extending from the base toward the first end cap. This is the embodiment shown in Figures 1-7.

Typographical errors in claims 10 and 11 are also being corrected herewith.

Respectfully submitted,
